Soft angles and rich textures of Glass Tiles have taken design to its zenith!

Ceramic tiles are just fine but why not add a bold shot of color with glass tiles. Diamond Tech Glass Tiles' new Dimensions Series will liven up any installation with just enough style to shout "I'm not bourgeois when it comes to style."

Soft angles and rich textures of glass have pushed design to its zenith. Dimensions Series is right on top with a plethora of translucent hues which compliment any color scheme. Dimensions is available in 4 sizes so they can be arranged in an endless number of patterns to create a look that is right for any decor.

The 8mm thick Dimensions Series is an ideal material for interior and exterior application and is offered by DTGT at an economical price. "Our glass tiles are impervious to liquids, resistant to fading, staining and discoloration; a perfect material, especially for pool and spa applications." states DTGT's Sales Manger, David Cox.

Simple to install with standard tools, easy to clean and economically priced; isn't it time to say good-bye to oh hum ceramic and hello to bold and lively glass tiles.

About Diamond Tech Glass Tiles

Diamond Tech Glass Tiles is a new subsidiary of The Daniels Corporation, a family owned and operated American based company. Founded over 25 years ago, The Daniels Corporation's primary objective is to provide innovative art glass products, tools and accessories to the tile, architectural, stained glass and consumer market. The company, Diamond Tech Glass Tiles was created to manufacture unique art glass tiles. As with all Daniels Corp Companies, Diamond Tech Glass Tiles is dedicated to providing their clients with the best products for the greatest value. They offer several lines of glass tiles, each with a distinctive look and feel to maximize their clients design possibilities. To learn more, visit www.dtglasstiles.com
