Glass Tile Offers Unparallel Depth and Beauty

Diamond Tech Glass Tile launches its premiere glass tile line, inspired by cathedral glass windows. The Stained Glass Series made its premiere debut for this 25 year old company at Coverings 2005 show in Orlando. *“Our Stained Glass Tiles have an unparalleled depth of color and richness you have to see to believe,”* explains Dan Daniels, President of Diamond Tech Glass Tiles. *“Each tile has an opalescent stained glass appearance, possessing colorful swirls and streaks.”*

The Stained Glass Series can be used as a focal point or as a neutral back-drop complimenting many of today building materials. Mr. Daniels adds, *“Each patterned tile has its own individual character while maintaining the color schemes desired by today’s architects and interior designers.”*

The **Stained Glass Series** offers an assortment of 24 opalescence and 6 complimentary solid color glass tiles. The tiles opalescent nature makes the color and grain of each tile vary, creating a custom look every time it is used. Tiles are offered in 2” x 2”; 2” x 6” and 4” x 4” and posses smooth round corners, beveled edges and textured back for better adhesive grip. The Stained Glass Series is a trend-setting tile with a handcrafted look.

About Diamond Tech Glass Tiles

Diamond Tech Glass Tiles is a new subsidiary of The Daniels Corporation, a family owned and operated American based company. Founded over 25 years ago, The Daniels Corporation's primary objective is to provide innovative art glass products, tools and accessories to the tile, architectural, stained glass and consumer market. The company, Diamond Tech Glass Tiles was created to manufacture unique art glass tiles. As with all Daniels Corp Companies, Diamond Tech Glass Tiles is dedicated to providing their clients with the best products for the greatest value. They offer several lines of glass tiles, each with a distinctive look and feel to maximize their clients design possibilities. To learn more, visit www.dtglasstiles.com
