Platinum Glass Adds a Bit of Glamour

Diamond Tech Glass Tiles has expanded its glass tile series to meet the increasing interest and demand of its glass tile line introduced a year ago. DTGT intends to unveil their expanded line with 16 new colors at Surfaces – Las Vegas 2006.

DTGT would like for to enter the sparkling world of **Platinum Series** glass tile. These glamorous glass tiles transform any surface into a spectacular show of color. Transparent and semi-transparent, **Platinum** glass tiles possess a special reflective surface which transforms when hit by light into an ever changing rainbow-like display.

David Cox, DTGT Sale Manager states, “In the last year I have seen the growing popularity of glass tile. **Platinum** will truly meet the demands and captivate the attention of anyone who sees it.” Tiles are available in a 1.5cm x 1.5cm format with an average thickness 1/8”. Square foot paper-front sheets are perfect for the floors and walls of kitchens, baths and pool or wherever a touch of glamour is needed.
