New Website Gives Easy Access To Much Needed Products

Diamond Tech is proud to announce recent updates to their website at www.DiamondSaws.com. The updated www.diamondsaws.com makes buying a saw simple. It provides the consumer important product and company information; easy to read product descriptions, comparison charts, product testimonials and instant online ordering.

“Our updated website is a great way for us to make our product readily visible and available to busy tile customers,” states Rita LeVine, Diamond Tech Marketing Director.

Diamond Tech, a leader for over a decade in the tool industry, has designed its Diamond Laser Band Saws - **DL5000 and DL7000**, specifically for its’ tile, stone and glass contractors. Visit www.DiamondSaws.com to learn more about our saws.
