“ALL EYES ARE ON THE SUBTLE AND IMPRESSIVE CAPTIVA GLASS TILE”

FOR IMMEDIATE RELEASE – Tampa, FL — February 11, 2015—DIAMOND TECH TILES introduces CAPTIVA glass tile. Designed by Studio S, Sylvie Atanasio, CAPTIVA marries textural, glossy and matte surfaces to take glass tile to an entirely new level.

For me, glass feels very alive! Says Sylvie Antanasio. When I’m designing I try to tap into the life force contained within the glass. I capture this force through the use of color, texture and pattern.

An imaginative tile of soft understatement, CAPTIVA imparts a textural surface reminiscent of an artist’s pen stroke. This unique texture, along with glossy and matte 8 mm glass gives the surface of CAPTIVA its character. Cast in glass, CAPTIVA is easy to maintain and durable. It is offered in a 2x12 and 4x12 field tile as well as an Arabesque, Herringbone,

Stacked and Random mosaics. In stock and ready to ship, CAPTIVA is available in White Caps, Shoreline, Sea Oats, Oyster Shell, Driftwood and Evening Bay. CAPTIVA is suitable for all vertical surfaces as well as being completely comfortable when selected for an outdoor setting.
