Established in 2004, Diamond Tech Tiles strives to bring to market innovative, beautiful and affordable tile products. Today our products are used in both exterior and interior design applications around the world. We offer a variety of tile lines each with a distinctive look and feel to maximize design possibilities.

We attribute our success not only to new innovative tile products but to the strong relationships we have forged with our customers over the years. We look forward to servicing the tile industry for many years to come.
