

IMPACT SERIES

Application

	Residential	Light Commercial	Commercial
Walls/Backsplashes	X	X	X

All tiles may be used as field tile or as decorative inserts. Follow the recommendation of the TCNA (Tile Council of North America) or the MIA (Marble Institute of America). Please reference the specifications that apply to your project. Impact containing metal is not recommended in shower stalls or surrounds. Nor is it for use in outdoor applications, high moisture areas or bathroom and kitchen floors where water puddling may occur.

NOTE: The Impact Series is a combination of glass, metal and natural stone. Variations in color, shade and sizes are inherent in all fired glass products. Stone is a natural product therefore, no two pieces are exactly alike. This variation is what gives natural stone products their distinctive appearance. SKU's designated with "Metal" contain stainless steel tile on a ceramic base. Final selection should be made from actual tiles and not from color reproductions.
