**NOTE:** The Travertine/Glass Series is a combination of glass and natural stone. Variations in color, shade and sizes are inherent in all fired glass products. Stone is a natural product therefore, no two pieces are exactly alike. This variation is what gives natural stone products their distinctive appearance. Final selection should be made from actual tiles and not from color reproductions.

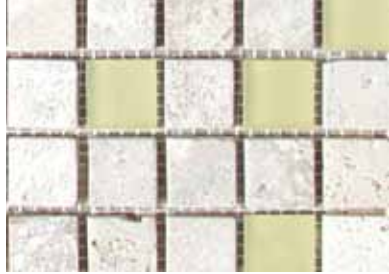

Travertine-Glass Series  
EARTH • HARMONIC • CASUAL FORMALITY

# Travertine-Glass Series

This Series combines the warm, rugged feel of stone with the sleek, multi-dimensional look of glass for an uncomplicated natural combination. Each sheet of tile harmoniously blends 1" x 1" travertine with 1" x 1" 8mm translucent glass tile, to merge old-world charm with modern edginess.
